RE: Town of Bristol request for assistance

Dear Ms. Drew:

We request Federal assistance under the provisions of Section 216 of the Flood Control Act of 1950, Public Law 81-516 or section 403 of the Agricultural Credit Act of 1978, Public Law 95-334, to restore damages sustained in the town of Bristol, Addison County by the Halloween storm of October 31 and November 1, 2019. This work is needed to safeguard lives and property from an imminent hazard of streambank erosion, a debris clogged river, and undermining of a steep slope.

We understand, as sponsors of an Emergency Watershed Protection project that our responsibilities will include acquiring land rights and any permits needed to construct, and if required, to operate and maintain the proposed measures. We are prepared to provide local 25% cost-share of the cost of construction work in dollars or in-kind services.

I am the primary administrative contact person for this request. The names, addresses, and telephone numbers of other administrative and technical contact persons associated with our organization are as follows:
