I. Approve January meeting minutes

II. Public Forum. No outside guests participated.

III. Put in a request with Valerie Capels to get on Select board meeting agenda to button up some 2022 items such as the Pine Street initiative concepts.

IV. Considered the Mountain Street/Devino Lane traffic calming as a potential future quarterly initiative.

V. Other business:
Tanya heard from Bristol elementary school parents who are interested in locking up children's bikes in a secure bike shelter and / or Library bike/helmet loan program. This could be a Q1 initiative for our group. Bike racks/bike shelter/donated bike locks.
There are bike racks at the town green near the playground, NBM and the Library. Most cyclists lean bikes up against buildings on Main Street since current racks are not as visible as they could be.
Could ARPA funds help with shelter construction costs? Will query the Select board.

VI. Adjourn at 7:25pm

Next regular Bicycle Pedestrian Advisory Committee meeting: Thursday, March 23, 2023
